On August 9, 2019, the Commission voted to publish an ANPR in the *Federal Register*, to develop a rule to address the risk of injury and death associated with CO production and leakage from residential gas furnaces and boilers. The ANPR was published on August 19, 2019, with a 60-day comment period that closed on October 18, 2019. 84 FR 42847. The Commission issued the ANPR under the authority of the Consumer Product Safety Act (CPSA). On October 14, 2019, the Air-Conditioning, Heating, & Refrigeration Institute (AHRI) requested an extension of the comment period for an additional 60 days to provide stakeholders adequate time to respond to the ANPR. AHRI states that member companies are currently developing comments to submit on the

ANPR. AHRI also notes the CSA/ANSI Cross-Functional Working Group on CO Sensor Detectors report is an agenda item during the upcoming Joint Technical Committee meeting on October 29, 2019, and that AHRI members would like to understand the Joint Technical Committee's decision on the report and proposed actions before finalizing their comments.

The Commission has considered this request and is reopening the comment period for an additional 60 days until **[INSERT DATE 60 DAYS FROM DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.
